**Welcome to StoryWalk®
at Fairbury City Park!**

The Storywalk® combines physical activity with books to help build children's interest in reading while encouraging healthy activity for all! It begins on the southeast side of the Frontier Fun Park near the gravel parking lot. From there, follow the story by walking around the circle!
Now at the Storywalk:

Squirrel and Bird are best friends, but they're very different. Squirrel is LOUD. Bird is quiet. Squirrel is confident. Bird is shy. And that's all there is to know about them... or is it?

Monthly Book Club Discussion

Tues. & Wed. April 14,15

In cold blood

By Truman Capote

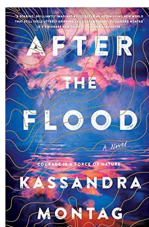

Tues. & Wed. May 12, 13

At 9:00 am

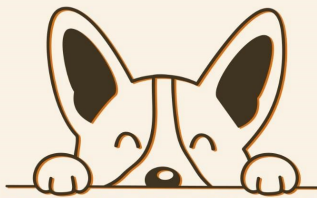

After the flood

By Cassandra Montag

Please let library staff know if you are interested in joining the book discussion group.

**JOIN THE ADVENTURE WITH
AUTHOR KADY TOOLE.... HOSTED
BY JEFFS GONE M.A.D.**

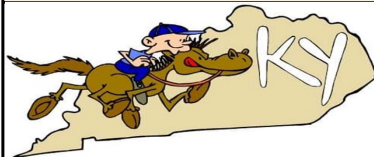

IZZY THE COWBOY CORGI

Join us at the Fairbury Public Library on Friday, May 15th at 3:00 PM for a special visit from the author of the Izzy the Corgi Adventure Series!

A talented young author and illustrator, she began writing at just 15 and creates fun, heartwarming stories inspired by her real-life "cowboy corgi," Izzy.

Perfect for kids and families, don't miss it!

-Held on the first Saturday in May, *Kentucky Derby Day* is soon upon us. "The Run for the Roses", as the Kentucky Derby is called, is America's premier horse racing event. Steeped in tradition, the derby is the first step in the Triple Crown of horse racing. It is held at Churchill Downs in Louisville, Kentucky. Each year approximately 155,000 people attend this all-day event, which culminates in a roughly two-minute race.

-20 horses compete in the Kentucky Derby. The horses run on a 1 1/4 mile, 10-furlong, dirt track. The winner of the race receives a garland of roses and a \$2 million purse.

-Tradition abounds at the Kentucky Derby. People come dressed to the nines. Ladies wear extravagant hats and participate in a Hat Parade. Mint Juleps are the traditional drink and are consumed in huge quantities, approximately 120,000 during this two-day event.

Enjoy looking at the stars?
Want to get a closer look
at the universe?

The Library now has a
Telescope Kit you can check out!
Ask at the children's desk
for more information!

EXPLORING BIODIVERSITY
Document and identify plants
and animals around you.

**WHY IS BIODIVERSITY
IMPORTANT?**
Biodiversity is an important marker for an
ecosystem's health. Healthy ecosystems ensure
natural sustainability for all life forms and can
better withstand and recover from a variety
of disasters.

HOW CAN YOU HELP?
Use your smartphone and the iNaturalist app to
take and share detailed pictures of nature and
help create a living record of life on Earth. By
recording and sharing your observations, you'll
create research-quality data for scientists
working to better understand and protect nature.

**mosquito
habitat
mapper**

**ADD YOUR LOCAL OBSERVATIONS TO
NASA SATELLITE DATA**
This free kit and the iNaturalist app
you can help spot and report potential
mosquito breeding habitats (standing water
or somewhere water could collect) and the
presence of dangerous mosquito larvae.
Optionally, you can sample and count the
larvae, and try to identify the mosquito type.

WHY THIS MATTERS
Mosquitoes are the world's most dangerous
animal: millions of people die each year from
mosquito-borne diseases. You can make a
difference by helping with early warning of
potential disease outbreaks.
